Survey Methods

The opinion poll was conducted in the week of May 24th 2015. It involved telephone interviews of a random nationwide sample. 1000 randomly selected phone-owning Nigerians aged 18 years and above, representing the six geopolitical zones in the country, were interviewed. With a sample of this size, we can say with 95% confidence that the results obtained are statistically precise - within a range of plus or minus 3%
