We enhance the activities of decision makers across all the vibrant sectors of the Nigerian economy.

We partner with policy makers, governments, donor agencies, civil societies, corporate organisations and the media to

# What preventive measures would you take to avoid being infected by the virus?

Results are based on telephone interviews of a proportionate random nationwide sample, and conducted in the week commencing 25th of January 2016. 1,000 randomly selected phone-owning Nigerians adults aged 18 years and above, across the six geopolitical zones in the country, were interviewed and the Interviews were conducted in English, Pidgin, Hausa, Igbo and Yoruba languages. With a sample of this size, we can say with 95% confidence that the results obtained are statistically precise - within a range of plus or minus 3% margin of error.
