Information Brief

Vol.34 No.3 October 2015

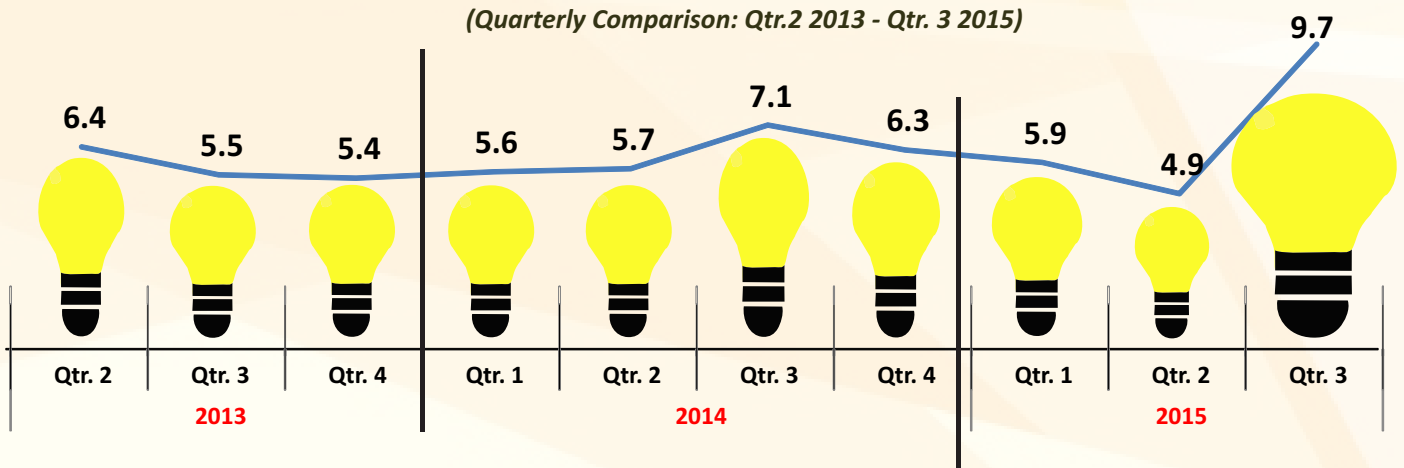

## POWER

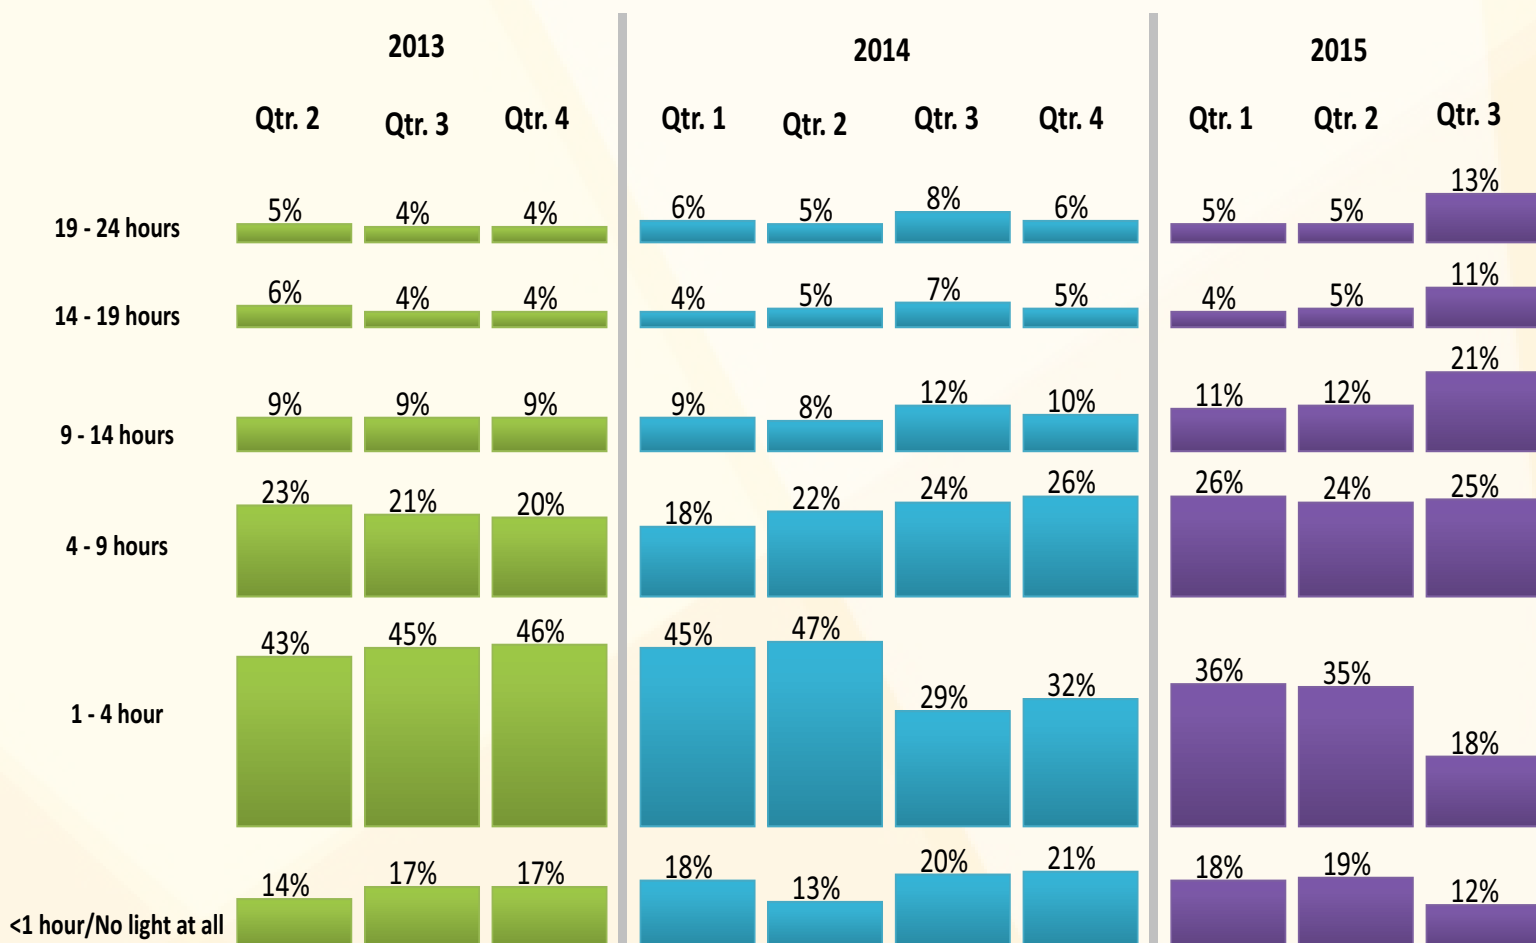

**Average daily cumulative power supply to Nigerian households (Hours per day)**  
 [Monthly Comparison: April 2013 - September 2015]

**Average daily cumulative power supply to Nigerian households (Hours per day)**  
 (Quarterly Comparison: Qtr.2 2013 - Qtr. 3 2015)

Hours of cumulative power supply to Nigerian households [Qtr. 2, '13 – Qtr. 3, '15]

The opinion poll was conducted from April 2013 to September 2015. It involved telephone interviews of a random nationwide sample. 30,000 phone-owning Nigerians aged 18 years and above, representing the six geopolitical zones in the country, were interviewed. We can say with 95% confidence that the results obtained are statistically precise - within a range of plus or minus 3%.

NOIPolls is the **No. 1 for credible country-specific polling services in the West African region**. We deliver forward-thinking research and relevant data on public opinion and consumer markets on a range of topics. We enhance the activities of decision makers across all the vibrant sectors of the Nigerian economy.

We partner with policy makers, governments, donor agencies, civil societies, corporate organisations and the media to enhance their data set of information, ultimately adding value to their output.

We have four core areas of competence: **Polling, Analytics, Databank Management, and Strategy**
